

Eyeball Networks is extending their team in Dhaka, and is currently accepting applications from qualified candidates for the positions of **Senior Software Developer**.

Eyeball Networks has delivered carrier-grade VoIP solutions for some of the world's best known service providers, application developers, and mobile device makers for over 10 years. Eyeball provides complete Instant Messaging, VoIP, Video telephony and NAT traversal solutions. Our patented technology currently serves more than 20 million end users around the world and over 200 licensees, including Polycom, RIM, Nokia, and many others.

Eyeball is headquartered in West Vancouver, Canada, with offices in Dhaka and San Francisco.

**Eyeball employees enjoy:**

- Exciting work on cutting edge Internet communications technologies and software
- Continuous learning about next-generation IP and mobile communications technologies
- The opportunity to work with world class engineers and developers
- Attractive compensation packages
- Dynamic and flexible work environment
- Transportation facilities including Wi-Fi connectivity.

**Senior software developer**

As Senior Developer (Dhaka), you will be part of Eyeball's product development team with the following responsibilities:

- Develop carrier-grade communications SDKs and servers using C++.
- Maintain thorough knowledge of Eyeball products and technologies and related communications products, standards, and technologies.

You are self-motivated, responsible, and thorough. You have:

- 5+ years' experience developing commercial server software products for LAMP, Windows, DirectX, Win32, and C++.
- Thorough expertise in TCP/IP network programming, multithreaded programming, and object oriented programming.
- A thorough understanding of internet communications technologies and standards, including TCP/IP, VoIP and IM.
- A masters or doctorate degree in Computer Science or equivalent.

Please SUBMIT your resume in EYEBALL Booth at BASIS SOFTEXPO 2012 VENUE on **22nd, 23rd and 24th Feb** or, email us at [careers@eyeball.com](mailto:careers@eyeball.com) by **24th February 2012**.
